Information Systems graduate from Universitas Gunadarma with project experience in data processing and machine learning using Python, along with foundational knowledge of SQL and data visualization. Experienced in structured documentation, team coordination, and information delivery. Detail-oriented, systematic, and eager to develop data analytics skills to support business reporting and data-driven decision-making.

EXPERIENCE

Information Systems Laboratory Assistant - Universitas Gunadarma **Feb 2025 - Sep 2026**

- Developed structured practical modules and learning documentation based on course requirements.
- Guided students during hands-on laboratory sessions and explained the use of required software and tools.
- Troubleshot software and laboratory issues to support smooth practical sessions.

Machine Learning - Asah led by Dicoding **Aug 2024 - Jan 2026**

- Contributed as a Machine Learning Engineer to a team capstone project developing a web-based AI solution for the coal mining value chain, including production prediction and shipping risk analysis.
- Performed data preprocessing and supported the development of machine learning logic using Python.
- Collaborated with team members to refine project requirements and documented analytical methods and project results.

Treasurer - Gunadarma Sharia Economic Forum (GSENT) **Mar 2024 - Jul 2024**

- Managed budget records, expense tracking, and financial reports for organizational activities.
- Coordinated with multiple divisions to maintain accurate and transparent financial records.

Staf Divisi Media, Komunikasi, dan Informasi - Sharia Economic Forum **Okt 2024 - Okt 2025**

- Supported organizational communication and information dissemination through digital content and social media.
- Contributed to visual content preparation and coordination of communication activities across the organization.

EDUCATION

- **Information System, Universitas Gunadarma [GPA: 3.88 / 4.00]** **2022-2026**
- **Science and Mathematics, SMA Negeri 1 Blora** **2019-2022**

SKILL

- **Data Analysis & Reporting:** Data preprocessing, data cleaning, exploratory data analysis (EDA), data visualization, reporting.
- **Database & Offlice Tools:** SQL, PostgreSQL, Oracle, Microsoft SQL Server, Excel, Tableau.
- **Programming**: Git/GitHub, Python, JavaScript, Microsoft Office, Google Workspace.
- **Documentation & Collaboration:** Process documentation, reporting, team coordination, technical and non-technical communication.
- **Professional Skills:** Attention to detail, problem-solving, accountability, and structured work management.

SERTIFIKAT

Machine Learning Training Program of Asah by Dicoding x Accenture: Pelatihan berbasis industri dalam pengolahan data, machine learning, dan pelaporan terstruktur. | **Membangun Sistem Machine Learning:** Alur kerja machine learning dari awal hingga akhir dan pelaporan hasil. | **Belajar Machine Learning untuk Pemula:** Analisis data, klasifikasi, dan regresi. | **Dasar Sistem Manajemen Basis Data Fundamental DBMS:** Konsep basis data relasional dan operasi dasar SQL. | **Memulai Pemrograman dengan Python:** Dasar-dasar Python untuk pengolahan data. | **Belajar Dasar Git dengan GitHub:** Pengelolaan versi dan kolaborasi. | **Belajar Fundamental Deep Learning:** Konsep dasar deep learning. | **Belajar Dasar Artificial Intelligence:** Dasar-dasar AI dan konsep berbasis data.
